

Buy Now!

After trying Teacher's Personal Markbook and discovering that it is easier than a spreadsheet, more flexible than a database - and is always ready, you can now purchase a licence to register your copy.

When you purchase a licence a unique registration number is e-mailed to you. This you can then enter in the Register command of the Help menu. After this Teacher's Personal Markbook is registered in your name with a Lifetime licence for you to use the program - there are no on-going licensing fees. You can get free technical support from the items in the Support menu.

System Requirements

The minimum software and hardware requirements for TPM are:

- Windows 98/2000/XP/Vista or newer
- 8 MBytes of free disk space
- 256 MBytes of RAM

Although Teacher's Personal Markbook may work on a Windows PC that has less than this specification, these are the recommended minimum. Please check that your system meets these requirements before buying.

Payment

Payment is processed by PayPal which means that your details are handled as an encrypted and secure transaction. We do not have access to your credit card details and you do not need to be a member of PayPal to complete a transaction. Worldwide there are over 150 million PayPal accounts used for Internet payments.

By clicking on the Check out with PayPal button at the top right, the following occurs:

- You will be redirected to the PayPal site.
- You can login and proceed with the payment or make a payment as a guest.
- An e-mail is sent to you with the registrations details for Teacher's Personal Markbook.

If you have a question about this, or a problem with the process, please send an e-mail with your query to: tpm@smpcs.server101.com

Please read before paying

The Teacher's Personal Markbook program is downloadable digital media. The Tpminst.exe file is an installation program that includes the TPM program and all documentation. The box image on the home page of this website is for illustration purposes only - the program is not supplied as a boxed package.

The Trial version of Teacher's Personal Markbook program is the complete package and by purchasing a licence you receive a registration key that unlocks the program for a lifetime of use. Keep a copy of your licence name and key in a safe place because it will be needed if you need to re-install the program.

After completing the payment, please click on the Return to Merchant button for further details about your Teacher's Personal Markbook licence. When clicking on the Return to Merchant button you may receive a message with a Security Warning about an unencrypted connection. This message is normal and does not indicate a security risk in this case because there is no confidential information being processed at this point.
