

## TPM Improved Usability Update

For the first time all three versions of the Teacher's Personal Markbook gradebook program - English, French and Spanish language versions - have been released simultaneously of TPM with new features. This is a free Teacher's Personal Markbook update to add features to improve the ease of use, such as a "most recently used" list to the File menu and add colour to the graphs. You can download the update installation program from the Updates section of the Members menu.
